

## International Software Commissioning Engineer (m/f/d)

Fulltime | Raaba-Grambach, Austria

We, KNAPP IT Solutions GmbH, are experts in the implementation of software solutions in the logistics and automation sector and are looking for an international commissioning engineer for major projects worldwide.

### #yourmission

As an international software commissioning engineer you will travel to our major customers in various parts of the world and commission the warehouse management software SAP EWM.

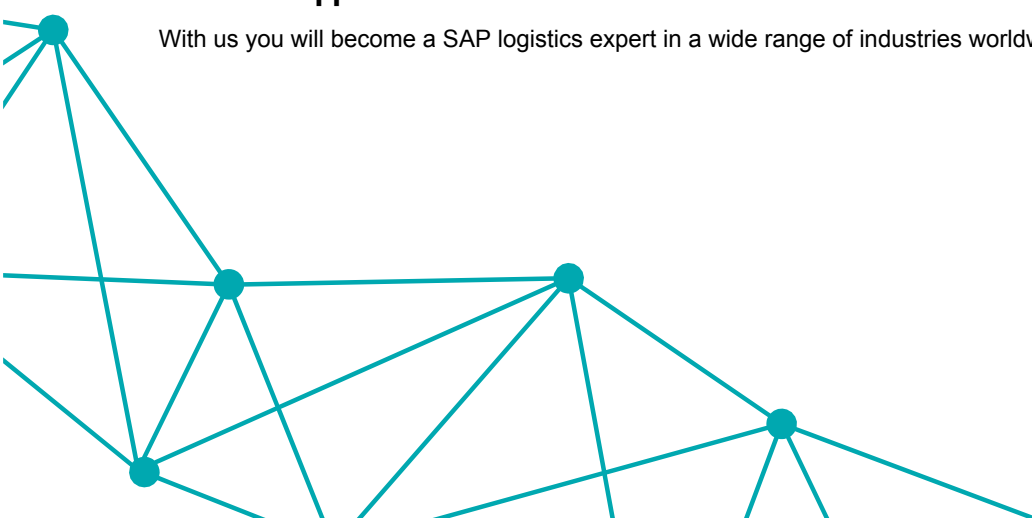

- As a rule, you will be working abroad for between 2 and 8 weeks at a time.
- You support our customers on site and train them.
- You are responsible for process optimisation and quality assurance, and you are in constant contact with your team.
- Of course, we won't leave you alone with this task: You will receive structured onboarding and a mentor who will support you professionally and help you to find your way in your team.
- During periods without travel, you will support our customers remotely as well as your colleagues in the project and support teams in Raaba.

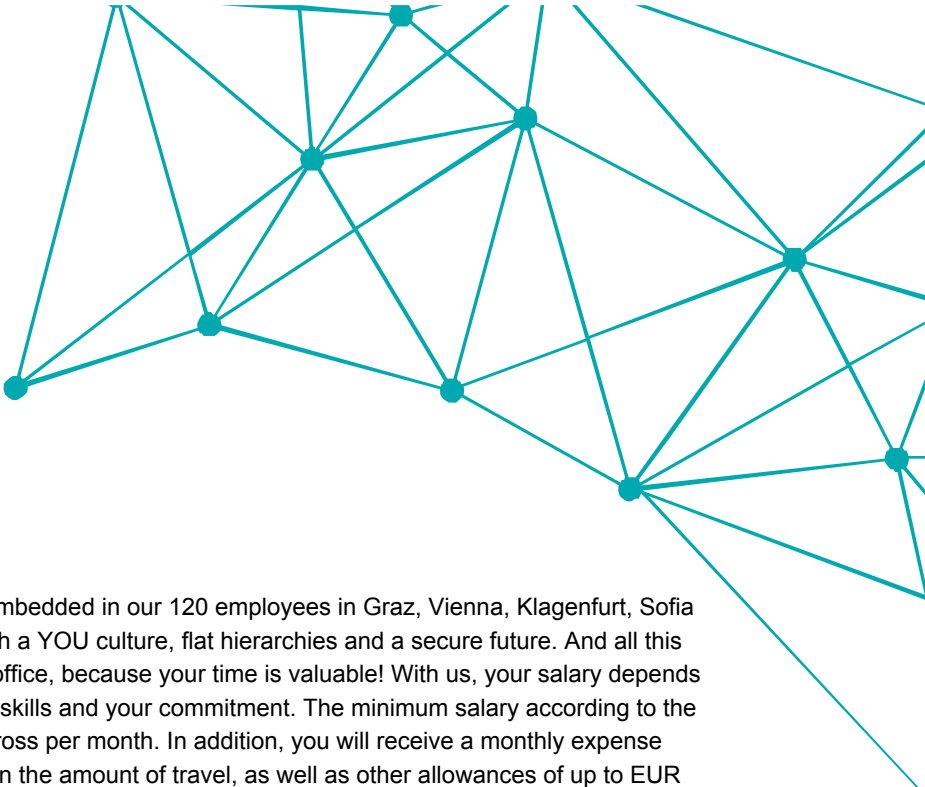

### #youareknapp

- You have an IT education.
- You are communicative, approach people openly and have a self-confident manner.
- You like to work as independently as possible, but are not afraid to actively ask your colleagues for help when you need it.
- You keep an overview even in stressful situations.
- You are not afraid to communicate with us and our international customers in English or German (language level B2).

### #weareknapp
